# Challenge your imagination.

## Machine Features:

- **Colour Touch Screen** - The high resolution display shows stitches in actual size and embroidery designs in true colour.
- **LED Lights** - Optimised bright lights illuminate the entire work area with no shadows.
- **Top and Bottom Thread Sensors** - To alert you when bobbin thread is low or needle thread breaks.
- **Thread Snips** - Automatically cut top and bottom thread, pulling thread ends to back side of fabric.
- **Quick Help System** - Touch the quick help icon for instant information.
- **Updateable** - Download the latest program version from the internet and quickly update via a USB stick.

## Sewing Features:

- **Exclusive Stitch Creator™ Feature** – Create new 9mm stitches or edit built-in for unlimited creativity.
- **The Original IDT™ System** - For absolute even fabric feed from both the top and the bottom.
- **Optimised Feeding** - Enhanced to provide more control when sewing through thick layers or seaming small pieces.
- **Large Sewing Space** - Of 250mm to the right of the needle for sewing large amounts of fabric or batting.
- **Over 250 Stitches** - Including high-quality 9mm stitches.
- **4 Built-in Stitch Fonts** - To personalise your project.
- **creative signature™ Sewing Programs:**
  - *Tapering on all 9mm Decorative Stitches* at the beginning and/or end of any stitch in many different angles.
  - *Patchwork Program* to remember seam length for both utility and decorative stitches.
  - *Single Stitch Program* to set exact number of stitches or sequence repeats.
  - *Mirror Image* of stitches both for side to side and/or end to end.
  - *Stitch Positioning* for easily alignment of decorative stitches.
  - *Stitch Density* altering without affecting stitch length.

- **Automatic Presser Foot Lift** - To instantly raise the foot when the needle is set to stop down and/or at the end of a seam after a thread snips.
- **3 Free-motion modes.**
- **Sensormatic Buttonhole** - For one step buttonholes.
- **37 Needle Positions.**
- **Stitch Width Safety** - To prevent needle breakages while using the straight stitch foot.
- **Needle Up/Down** - Setting for ease when pivoting, appliqué and more.
- **8 Different Presser Feet** - For all your basic sewing needs.

## Embroidery Features:

- **On-screen Customising of Embroidery Designs** - Easily combine multiple designs directly on screen.
- **157 Built-in Designs and 2 Embroidery Fonts** - Each font is available in three different sizes.
- **Large Embroidery Area** - Embroiders designs up to 260mm x 200mm.
- **Precise Position Function** - For exact placement of designs.
- **creative signature™ Embroidery Programs:**
  - *Mirror Image* to flip designs from side to side and/or end to end.
  - *Rotate* by increments of 1° for precise adjustments.
  - *Embroidery Design Scale* to enlarge or decrease designs without changing the stitch count.
  - *Monochrome* setting to stitch any design in a single colour without stops.
  - *Basting in the Hoop* for greater stability of fabric when embroidering.
- **Cut Jump Stitches** - When embroidering and pulling threads to the back side of fabric.
- **Embroidery Zoom Possibilities** - For simple and precise customising on the PFAFF® creative™ Colour Touch Screen.
- **Hoop Positions** - Multiple positions for changing the bobbin, cutting jump stitches, trimming an appliqué and more.
- **2 Embroidery Hoops Included.**
- **Program for Viewing and Organising Designs** – Organise design files saved on your computer. Turn designs into image files, print catalogues and more.
